

April 8, 2026

Dear Priya,

I am writing to formally notify you of my resignation from my position as Data Engineer at Nexus Analytics, effective May 8, 2026. This was not an easy decision, as I have genuinely valued my three years here and the opportunities for growth this team has given me.

I have accepted a position at another company that offers a path more closely aligned with my long-term career goals in machine learning infrastructure. I am committed to ensuring a smooth transition and am happy to help document my current projects and train a successor over the coming weeks.

Thank you for the mentorship and support you've provided during my time here.

Sincerely,

Robert Chen

Data Engineer, Nexus Analytics
